PREPARING FOR YOUR CLEAN SWEEP VISIT

- Package material in boxes or rigid totes to keep products upright and prevent spillage during transportation and unloading. Keep all materials in their original containers. If the container is damaged, place it in an individual plastic bag.
- **DO NOT** mix materials or co-mingle your waste in plastic bags.
- Remove all batteries from electronics and turn in separately.
- Transport gasoline or other fuels in an approved container (no larger than 6 gallons). Clean Sweep staff will empty the fuel and return your container, time permitting. Unsafe or damaged fuel containers will not be returned.
- Businesses (VSQGs) & Farms must schedule an appointment in advance by using our [online registration form](#) or by calling 608.838.3212.

REDUCING YOUR ENVIRONMENTAL IMPACT

OUR PRODUCT EXCHANGE ROOM

After source reduction, we advocate for reuse of materials whenever possible. At Clean Sweep we accept products that are still useable and redistribute them in our Product Exchange Room. Common items that can be picked up for free include: paints, solvents, cleaners, lawn and garden products, and automotive products.

LATEX PAINT

Latex paint is a non-hazardous material and although we accept it in our Clean Sweep Program, we recommend solidifying and disposing of in your trash bin. Reduce your latex paint waste by using [online paint calculators](#) for your projects.
